MKIII COMMENT: Mon Jan 8 21:29:45 GMT 1996

Process to retrieve images, NMAP, NDIFF, SHELLS, has been tested and is working from the Sparcstation. Translation from TEK to postscript also tested and works. We can now print hardcopy of MKIII images on the laserprinter on an episodic basis (a bit cumbersome to do regularly) as an solution to the loss of the Tektronix 4644 printer.
