
Mauna Loa Solar Observatory Observer's Log

Sat Dec 7 17:14:07 GMT 1996

Year: 96 Doy: 342

Observer: koon

WEATHER COMMENT: Sat Dec 7 17:14:12 GMT 1996

Thick altocumulus, wind=5 mph from the SE, temp=38 F. Will wait for clouds to clear before starting observations.

WEATHER COMMENT: Sat Dec 7 20:50:28 GMT 1996

Getting some fog now.

WEATHER COMMENT: Sat Dec 7 21:56:20 GMT 1996

Weather didn't clear enough for observations, might have a few Lowl images.
