CHIP COMMENT: Wed Dec 17 19:44:36 GMT 1997

Didn't startup this morning, I thought I started it like normal, log shows tape initialization but no Patrol until just now when I clicked on Patrol. It been hectic so I didn'r notice this until David sent me a message.

PSPT COMMENT: Wed Dec 17 20:00:12 GMT 1997

Haosheng just called up, he changed some things while I tested Run and it now starts up and appears to run correctly.
