PSPT COMMENT: Thu Jul 30 17:34:10 GMT 1998

I made a backup tape yesterday and checked it today, it looks good, we'll send it when we get one more backup tape, in a week or so.

COMMENT: Thu Jul 30 17:35:44 GMT 1998

The network connection to Boulder is down, they are doing a Security Test.

LOW-L COMMENT: Thu Jul 30 17:41:25 GMT 1998

L00534 popped out of Drive #0 as it should have. We've decided that the old Drive #1 was indeed defective and it was sent back to Boulder. So now what we've been calling Test Drive #1 has become Drive #1, we're going to leave it in place for LOWL usage.
