MLSO PROBLEM Sun May 13 16:57:35 GMT 2001

Kaiee DLT tape is full, I removed it, but there are no other tapes to load for further data transfer. This shouldn't be too much of a problem since Kaiee will continue to queue up data for a tape transfer that will happen as soon as we receive and install a new tape. New tapes are in the mail to us and probably will be ready to use here tomorrow. I'll check the Post Office this afternoon. Didn't type in "nt" for a log comment since I didn't load a new tape, this will need to be done when a tape is loaded.
