Observer: yasukawa

WEATHER COMMENT: Tue Nov 27 17:32:37 GMT 2001

Very nasty weather today. Totally soaked in, downslope winds 30 mph, gusting to 45, driving rain. Observations very doubtful today.

COMMENT: Tue Nov 27 17:33:54 GMT 2001

mopped up water on floor near threshold between new and old building.

wet mopped control room while I was at it. Both domes are dry.

Placed buckets under major ceiling leaks.

GONG COMMENT: Tue Nov 27 17:35:29 GMT 2001

Performed GONG PM on the way up to MLSO.

**\*\*GONG PROBLEM\*\***: Tue Nov 27 17:47:03 GMT 2001

I will be resetting GONG data and instrument computers as requested on my way out of here.

COMMENT: Tue Nov 27 18:33:44 GMT 2001

Stopping KCC to check out some cable documentation discrepancies for Ronbo.

Tue Nov 27 18:34:41 GMT 2001
