GONG COMMENT: Thu Jul 3 19:44:48 GMT 2003

Spent about 1.5hrs on and off in the gong shelter working over the phone with Guillermo trying to get DLT1 tape drive working correctly. Tape drive appears OK after halting and restarting twice (with a new tape on the second try), but will not be certain until data tranfer from tape is done this evening. Sending suspect tape #111450 from DLT1 to Tucson. New tape #111452 is now in DLT1.
