MLSO PROBLEM : Wed Nov 26 17:00:13 GMT 2003

High wind has shredded tarp covering Carrol spar. Spar is already wet and it is rather hazardous to be up on the roof at this time to deal with the whipping shreds and rope. Will wait ro some improvement in the weather conditions before dealing with the problem.

WEATHER COMMENT: Thu Nov 27 01:31:08 GMT 2003
