Year: 04 Doy: 066

Observer: stueben

WEATHER COMMENT: Sat Mar 6 16:58:13 GMT 2004

Extensive cirrostratus and altocumulus overcast, wind south 5mph, temp 45F.

Domes closed and instruments idled awaiting clearer skies.

WEATHER COMMENT: Sat Mar 6 22:11:44 GMT 2004

Still no joy. Overcast has been solid all morning.

Sun Mar 7 00:55:52 GMT 2004
