Mon Jun 11 16:55:27 GMT 2007 PICS Start Patrol

PICS COMMENT: Mon Jun 11 16:56:04 GMT 2007

Before starting PICS and CHIP this morning I removed the processor board from Alakai and swapped in the processor board we were sent from Boulder. After changing the boot parameters to match the old board I rebooted. Alakai started up OK, so we can see if the new processor fixes the startup stall problems we have been having.
