****MKIV PROBLEM****: Sun Mar 8 19:45:48 GMT 2009

We need to replace a line driver chip type DS26C31TN on the transformation board at U12 before we'll get proper EXSYNC signals to the camera and we can finish installing and aligning the new camera. We're awaiting those requested chips. No further mk4 troubleshooting until we get them.

WEATHER COMMENT: Sun Mar 8 19:49:33 GMT 2009

Stormy weather statewide.

____end____

COMMENT: Sun Mar 8 19:49:45 GMT 2009

Going down to do some work in Hilo.
