WEATHER COMMENT: Tue Mar 24 19:39:17 GMT 2009

Cirrostratus is getting thicker.

____end____

****MKIV PROBLEM****: Tue Mar 24 19:39:31 GMT 2009

I'm having a difficult time aligning the camera with the cirrostratus, but
I'll keep trying. The clouds make the signal move around similar to what
I see while trying to align the camera in a clear spot of the sky.
