Getting some vog up here.

NOTE BY DARRYL: Fri Oct 8 22:28:27 GMT 2010

I spent most of today on the phone and emailing with HAO and HawTel and preparing and sending the latest set of forms to HawTel needed for the Internet Bandwidth Upgrade that I've been working on getting us for the last year. We are very close now, we have the money and the PO is in place and I'm now working with the sales engineer on the service details, next step is to meet with HawTel engineers up here for the final site survey before they start the construction/installation phase.

COMP COMMENT BY DARRYL: Fri Oct 8 22:54:16 GMT 2010

I'll FedEx the latest data HDD to Don today. I sent the last 2 HDD even though they weren't full at Steve's request, he wanted to see the data sooner, now we'll go back to the regular shipment schedule where we send the HDD when they can't hold another full day of data.
