Observer: stueben

WEATHER COMMENT: Thu Apr 7 17:00:08 GMT 2011

Overcast, wind south 5 mph, temp 34F. Snow starts about 10,500 ft, but the road is mostly clear up into the parking area. Boardwalk has crusty slippery snow.

GONG COMMENT BY ALLEN: Fri Apr 8 00:01:37 GMT 2011

Went down to the shelter per gong request to check for a cable rubbing against one of the panels as the camera rotates. It did appear to be rubbing and I removed the panel and left it off.
