NOTE BY DARRYL: Sun May 15 17:04:40 GMT 2011

On the way up I stopped for 2 guys that were walking down, they came up yesterday and couldn't start their pickup truck to leave, nobody came up after them so they spent the cold night in the truck. I jump-started their truck and gave them a tour of MLSO to try to turn their bad experience into a good one. They just left.
