NOTE BY DARRYL: Mon Mar 12 00:20:20 GMT 2012

Worked on typical assortment of management tasks, one thing to note is that I created a folder called at C:\HAO-IG\MLSO-Manual on our PC and it is shared with subversion at the HAO-IG/MLSO-Manual folder in Boulder, in it I put all the relevant manual sections I could find and I hope to add many more to help us do our work with best care and efficiency up here.
