KCOR COMMENT BY stueben: Thu Mar 6 20:52:30 GMT 2014

Had some difficulty getting kcor to run today. Rebooted pc twice, 01 and camera focus positions were way off and needed to be set manually before autofocus would work. Images still look out of focus.

KCOR COMMENT BY stueben: Thu Mar 6 21:49:54 GMT 2014

I adjusted the focus again by setting the 01 to a recent good value and then rerunning the camera autofocus. The images look much better now.
