PSPT PROBLEM COMMENT BY stueben : Tue Jul 21 17:24:39 GMT 2015

The new cables arrived at my house on Friday and I have them with me today.
Taking several trips to bring them up from the parking lot and will install
them today.

KCOR COMMENT BY stueben: Wed Jul 22 00:15:03 GMT 2015

Taped black cloth around the cameras and optics in the aft section as requested
by Dennis to block out stray light. Also found a gap in the sheet metal on the
around the connector plate where light might enter and covered it with aluminum
tape. Will see if it makes any difference when I am up on Thursday.

PSPT PROBLEM COMMENT BY stueben : Wed Jul 22 00:37:41 GMT 2015

Replaced the old cables with the new cables, but have not tried to run pspt.
More on Thursday.
