GENERAL OBSERVATORY COMMENT BY berkey: Wed Mar 16 18:50:47 GMT 2016

Flooring Day 3. No obs (or at least obs unlikely today) while more flooring is installed. The installed flooring looks pretty good; and things are starting to look like a finished observatory.

GENERAL OBSERVATORY COMMENT BY berkey: Thu Mar 17 01:15:31 GMT 2016

Dome floor almost done just needs a little bit more trim and work on the cableing pass though. Down stairs mostly done except PSPT dome area.

We should be able to get back into observing mode mid-morning tomorrow.
