Temp: 32.8f, Humidity: 96%, Pressure: 28.812in, Wind: Southeast 10-15 mph, Skies: Overcast with light wet snow falling. The road is clear until the last couple of miles which have about 2 inches of slushy snow. I was able to drive up past the gate to the upper parking area.

Just finished a tour with a group of about a dozen Japanese high school students and their teachers.

Weather is quite nasty with lots of slushy snow. I only stayed this long because of the tour group.
