
Mauna Loa Solar Observatory Observer's Log

Sat Dec 31 17:21:10 GMT 2016

Year: 16 Doy: 366

Observer: waters

WEATHER COMMENT: waters: Sat Dec 31 17:21:16 GMT 2016

Temp 35F with windspeed at about 8 mph from the Southwest. Clouds covering the sky almost completely, except for a few bands of blue in the West. Will keep the dome closed until the clouds clear up.

GONG COMMENT BY waters: Sat Dec 31 19:25:51 GMT 2016

Went down to GONG shelter to power cycle the weather station. Gong looks a bit happier now.

GENERAL OBSERVATORY COMMENT BY waters: Sun Jan 1 02:24:54 GMT 2017

I had had hope that with how fast the clouds were moving, that it would clear up but it just didn't happen. Ah well...Have a wonderful and safe New Years!
