KCOR COMMENT BY berkey: Thu May 11 00:49:38 GMT 2017

Conditions remained cloudy for morning so some distortion grid data was taken between 21:40 and 21:45.

While taking this data:

occultor was removed

diffuser was in the beam

cirrus of varying density passed over the observatory

After the test the grid was removed and the occultor was reinstalled.

GONG COMMENT BY berkey: Thu May 11 00:58:38 GMT 2017

Swapped the Gong pitch amplifier
