KCOR COMMENT BY berkey: Tue May 16 00:26:53 GMT 2017

A copy of the kcor pipeline is now running out here at MLSO. We will have to do some more testing with some actually sunlight thru the system before we move the realtime movies over to the new pipeline.

GONG COMMENT BY berkey: Tue May 16 00:32:06 GMT 2017

Rebooted gong inst rack this morning. And then Gong spend a good part of the day with RED across the board on the gongTool. I think the system is running and we are just having cloud issues.

Maybe Gong_ops is working on the system remotely
