KCOR COMMENT BY berkey: Tue Sep 04 01:24:18 GMT 2018

May have found a fix for the laggyness in the focus.vi. There was a small but in the way the mc4u controller called the s
ubprograms that check mech positions. After changing the way these were called things are much snappier in focus.

GENERAL COMMENT BY berkey: Tue Sep 04 01:24:43 GMT 2018

Kind of crummy weather today.

Patchy clouds all morning with overcast in the afternoon.
