Observer: waters

WEATHER COMMENT: waters: Sat Nov 10 16:43:42 GMT 2018

Temp 38F with windspeed at about 6-12mph from the South. Bands of cirrus covering the sky at present. Will wait for better conditions before opening up.

GENERAL COMMENT BY waters: Sat Nov 10 18:17:19 GMT 2018

Sky is clear but it's way too bright to take any data.

WEATHER COMMENT: waters: Sun Nov 11 01:55:35 GMT 2018

Unfortunately, not a lot of data today. We were able to catch a couple of windows through some of the bands but the afternoon clouded out completely afterwards. Here's to hoping the weather is better tomorrow.
