GENERAL COMMENT BY stueben: Wed Jan 09 02:00:11 GMT 2019

Removed the cover which mounts the blower on the lower PureAir hepa filter. Removed the bad blower and replaced it with a new blower. The blower is sealed with a bead of silicone sealant, so I am leaving it in the control room overnight to cure

GENERAL COMMENT BY stueben: Wed Jan 09 02:31:56 GMT 2019

Sky too bright at startup time but cleared by 10:45. Fair seeing and significant aerosols, but the sky stayed clear for the remainder of the day.
