Mauna Loa Solar Observatory Observer's Log  
-----

Thu Jun 18 15:04:54 GMT 2020

Year: 20 Doy: 170

Observer: waters

WEATHER COMMENT: waters: Thu Jun 18 16:13:36 GMT 2020

Temp: 40.8f with windspeed at about 9-14mph from the South-Southeast. A stream of cirrus from the Southwest to the Eastern horizon and a haze at about 11,000 ft is currently covering the sky. Will wait for the stream to move out of the Suns' path before opening.
