There's a lot of dust in the front end of Kcor, if we get some clouds later, I may try to vacuum the front Kcor box.

KCOR COMMENT BY lisapg: Wed Sep 29 01:24:57 GMT 2021

Vacuumed the inside of the front Kcor box; nothing was removed, only had the vacuum on in the area in front of the O1 while I blew air over it. Hopefully this will have helped get rid of some of the larger dust bunnies in the box.

GENERAL COMMENT BY lisapg: Wed Sep 29 01:55:47 GMT 2021

Wind was a bit high in the morning but the aerosols were low. A good morning to take data; aerosols picked up around 11am HST and were heavy for the rest of the day.
