MKIV COMMENT: Tue Dec 22 17:34:32 GMT 1998

Started Patrol only to rotate barrel to 180 degree position so I can work on replacing occulter stem.

Tue Dec 22 17:42:10 GMT 1998 MKIII End Patrol

MKIV COMMENT: Tue Dec 22 19:05:09 GMT 1998

Removed occulter assembly from "hat" and removed buggered-up top stem. Removed temporary washers. Re-cut the threads on the mounting screw with 4mmX.7 threading die sent out from Boulder. Reassembled occulter assembly with new top stem. Reassembled "hat" and O1 guider assembly. New stem screws onto stud nicely now and height mask fits smoothly onto the new stem.
