Mauna Loa Solar Observatory Observer's Log

---

Mon Feb 12 17:04:54 GMT 2001

Year: 01 Doy: 043

Observer: yasukawa

WEATHER COMMENT: Mon Feb 12 17:05:02 GMT 2001

Cold, in thick altocumulus and cirrostratus overcast, southeast wind.

Observations unlikely but will stand by while I take care of some housekeeping and other duties.

GONG COMMENT: Mon Feb 12 17:07:36 GMT 2001

Going down to GONG to do weekly preventive maintenance.

GONG COMMENT: Mon Feb 12 17:45:33 GMT 2001

Back from GONG.

PICS COMMENT: Mon Feb 12 21:25:52 GMT 2001

Remeasured diffuser apertures and mounts for Clarke.

WEATHER COMMENT: Mon Feb 12 21:54:19 GMT 2001

Still overcast, foggy.

Mon Feb 12 21:54:56 GMT 2001
