COMMENT: Thu Apr 27 21:16:22 GMT 2006

Checked and lubed spar Dec guider reduction gears and bearings, they seem to be in good shape. Also cleaned the PICS C1 lens while I had that cover off.

COMMENT: Thu Apr 27 21:18:19 GMT 2006

Forgot to note that I used a good type of motorcycle chain lube for lubing the gears and bearings, I brought it up from home but I'll leave it up here. This type of lube dispenses and stays in place very well, it is a good substitute for grease in most applications. -Darryl
