****COMP PROBLEM COMMENT BY ALLEN****: Thu Dec 15 17:53:14 GMT 2011

As there Ben was sick yesterday the camera ran out of LN2 and was turned off automatically. Refilled it and waiting for it to cool down and stabilize.

****H-ALPHA PROBLEM COMMENT BY ALLEN****: Fri Dec 16 00:19:06 GMT 2011

The real problem with the PC was that the primary monitor had failed sometime since tuesday afternoon and a microsoft auto update had rebooted the PC. This left the secondary monitor with a blank blue screen and the login box not visible on the failed primary monitor. Swapped in a spare for the primary monitor and reset the display settings.
