****GONG PROBLEM COMMENT BY DARRYL**:** Sun Apr 22 20:57:45 GMT 2012

At 1816 UT the turret was oscillating, the Pitch value was changing in the GONG Expert window at the same time, I clicked on the Pitch button to unhighlight it and watched the Pitch value until it stopped changing, then I clicked on the Pitch button again to highlight it like normal and the oscillations apparently stopped. Maybe it's just a coincidence, but it's worth trying again next time the turret oscillates. The "Guider On" button stayed highlighted throughout the test.
