****PSPT PROBLEM COMMENT BY berkey**** : Thu Jan 29 01:58:47 GMT 2015

Pspt drives still appear to be dead. We might have a fix with the old hard drive from t
he sacpeak pspt drive. However it apparently have a different set of passwords. Joan
is doing a seach back in Boulder for media or drives incase we need to rebuild the OS f

orm scratch. Not a great year for PSPT over all.
