Wed Sep 20 21:23:20 GMT 2017 Kcor Focus/alignment program exited

GENERAL COMMENT BY berkey: Thu Sep 21 00:59:33 GMT 2017

PM Blew off Kcor Field Lens. Looks like there was a spec of dust in the north that may have been the source of the artifact seen in the data the last 2 days.

____end____

GENERAL COMMENT BY berkey: Thu Sep 21 01:59:19 GMT 2017

Not a great day for data. Started with heavy cirrus, move on to low clouds and now heavy rain.
