
Mauna Loa Solar Observatory Observer's Log

Sun Oct 8 16:33:12 GMT 2017

Year: 17 Doy: 281

Observer: waters

WEATHER COMMENT: waters: Sun Oct 8 16:34:03 GMT 2017

Temp 45F with windspeed at about 3-6mph from the Southeast. Sky is completely covered at present except for a bit to the Northwest. Will wait for better conditions before opening the dome.

GENERAL OBSERVATORY COMMENT BY waters: Mon Oct 9 02:54:29 GMT 2017

Unfortunately, sky conditions did not get any better throughout the day. Fog rolled in about noon and then receded, with high clouds still covering the sky. It feels like the light level outside didn't change much from sunrise. Here's to hoping the rest of the week gives us better conditions.
