KCOR COMMENT BY mcotter: Thu Mar 26 23:39:56 GMT 2026

Updated the kcor observing code to support a "TESTING" mode. This Draws an ugly "TESTING" text box behind the other widgets on the GUI and sets a new L0 fits keyword TESTING to T when set. When out of testing mode the "TESTING" text is hidden and the keyword is set to false.

GENERAL COMMENT BY mcotter: Thu Mar 26 23:40:42 GMT 2026

Fixed the power on the temporary battery pack to allow both 220 dome control and 120 instrument use at the same time.

\*\* KCOR PROBLEM REPORTED BY mcotter \*\* : Thu Mar 26 23:42:38 GMT 2026

Kcor computer is still having trouble running some programs like the fits viewer. We are attempted to address this by doing all available windows updates. Progress is ongoing.
